product description addresses key issues facing older people and our entire society topics include care pathway model guidelines for health care professionals understanding elder abuse in minority populations moral and ethical implications of elder abuse sexual violence against elderly women helping victims and more for public health personnel

in this second edition of their classic volume the authors present their elder abuse diagnosis and intervention model this comprehensive model of detection assessment and intervention

enables the practitioner first to identify the type of elder mistreatment including physical sexual psychological and financial it then provides systematic and realistic interventions this updated edition also includes information on legal interventions with suggestions on how the practitioner should act in the courtroom give testimony document findings and prepare for legal involvement with the criminal justice system actual legal tools are included in the appendix this is a classic resource for all health professionals who work with the elderly

this book provides a global comprehensive and systematic state of the review of this field that fills the gaps between research practice and policy the book addresses the epidemiology of the issue and the global prevalence of elder abuse in both developed and developing countries which synthesizes the most up to date data about risk factors and protective factors associated with elder abuse and consequences of elder abuse clinical assessment and management of elder abuse including screening detection management of elder abuse and the role of decision making capacity and forensic approaches practice and services that describe adult protective services legal justice elder court systems and guardianship system elder abuse and culture which provides more in depth anthropological and ethnographic experiences policy issues which highlights the elder justice movement gao reports elder justice act older american act and elder justice coordinating council and future directions which explores translational research practice education training and policy issues surrounding elder abuse elder abuse research practice and policy is a useful resource for aging researchers social services general internists family medicine physicians social workers nurses and legal professionals interested in the issues of elder abuse

this report from the social services inspectorate deals with the way in which social services departments respond to and manage cases of elder abuse and how practice might be improved elder abuse is a significant phenomenon questions asked in the report include in what circumstances are the elderly likely to be abused and by who and what strategies can be developed to prevent abuse

age concern always seeks to be at the forefront in raising issues of importance as part of our continuing fight to improve the quality of life of older people to this end we are privileged in being able to draw on the skills of people with the commitment expertise and enthusiasm to press for much needed change when some years ago we published a book by mervyn eastman on old age abuse the subject was largely unrecognized he played a pioneering role in drawing attention to this difficult and sensitive topic classifying the various types of abuse analysing their causes their tragic effects and the different contexts in which they were likely

to occur earlier when i joined age concern i had been struck by the paucity of knowledge of old age abuse my previous work with children and young people provided me with stark reminders of how much more developed both policy and practice were in dealing with the abuse of children even in that field there was still much to learn and subsequent legislation policy guidelines and codes of practice have taken us further down the road by constructing clear lines of accountability and by protecting and representing children at risk by helping potential abusers and developing practice that avoids punishing victims through removing them from their homes

will you be able to help and protect yourself when you grow frail how can you stop elderly abuse by personality exploration and learning which pitfalls to avoid are you more a directive or an informative person do you ask for direction and easily give it or do you seek and give information your stance can help you take action to prevent elderly abuse for yourself and others how will you position yourself to avoid prevent and stop abuse of the aged what can you do right now preliminary findings of four research studies made by the u s department of health and human services suggest that some potential causes of abuse of the elderly include the following 1 the majority of abused elderly cannot care for themselves 2 the abuser was experiencing stress often the elderly victims and the care they required were identified as the source of stress 3 violence begets violence it s banked throughout life and spent on the person who has the least power over us sometimes violence continues from generation to generation as the normative response to stress 4 most older individuals are not abandoned by their children seventy five percent of the elderly live with these children or live less than 30 minutes away eighty percent of home care to the aged is provided by family members living in the same household 5 the middle aged adult today is more likely to have a living parent than his counterpart of the past

a model of detection assessment and intervention for elder abuse and neglect

covers how are elders abused case histories physical abuse and neglect financial abuse psychological abuse self neglect sexual abuse and violation of rights theories for why abuse occurs survey of the state human services dept and adult protective service workers federal and state efforts to identify and prevent elder abuse 1978 1990 policy recommendations and appendix directory of officials responsible for adult protective services and elder abuse photos and charts

timely and insightful abuse neglect and exploitation of older persons is the perfect source for

training caregivers in abuse prevention by educating them on the types of elder abuse sensitizing them to the indicators of elder abuse and equipping them with effective intervention strategies to defuse abusive situations

a review of the first edition read it in medicine nursing social work and all health care settings it informs and illustrates by case examples and the interface with the law social work nursing and general practice are usefully highlighted it looks to the future the lancet this completely revised and extended edition of the mistreatment of elderly people presents a comprehensive overview of research and theoretical explanations of elder abuse as well as practical guidance for practitioners in the field the new edition updates themes covered in the first edition including the clinical implications of abuse sociological perspectives
